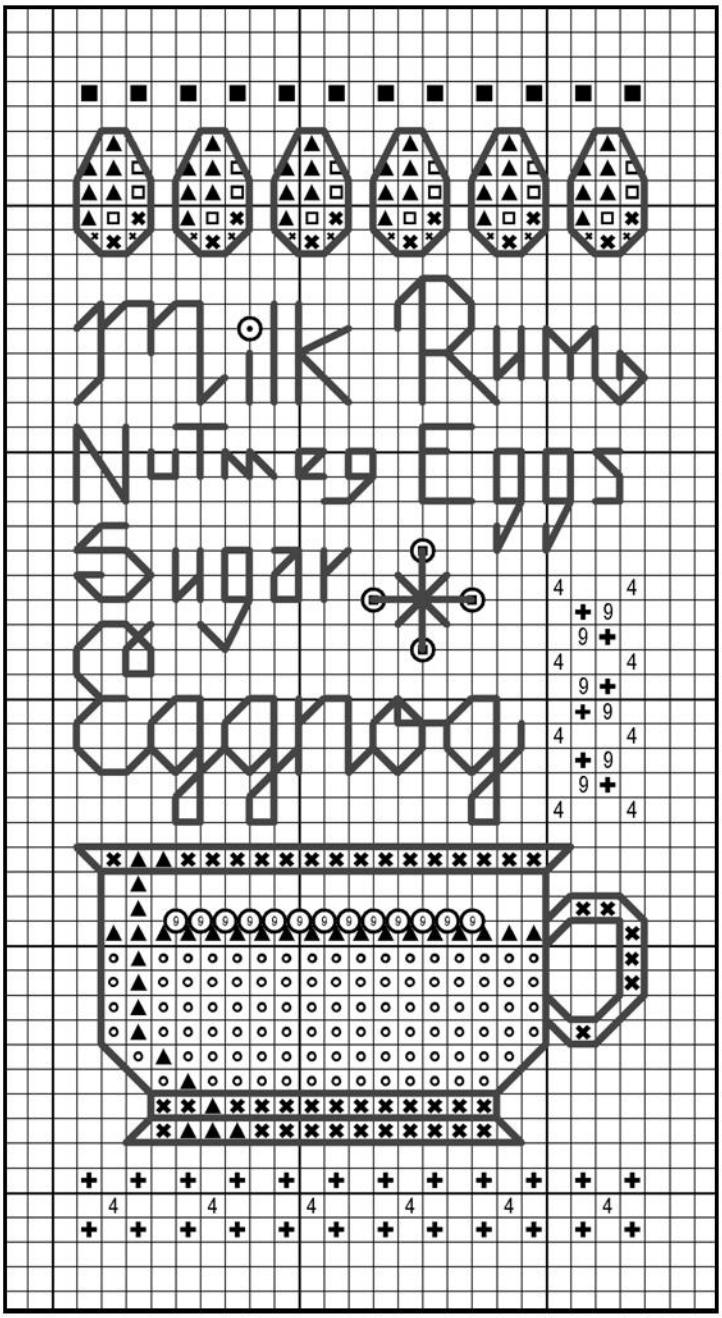
Eggnog Sampler Ornament

Casey Buonaugurio



Instructions:
Stitched on cream Aida 14 ct.
All cross stitching done with two threads.
All backstitching done with one thread.
Backstitching around eggs, use 3755.
Backstitching for "Milk," use 932.
Backstitching for "Rum," use 300.
Backstitching for "Nutmeg," use 301.
Backstitching for "Eggs," use 932.
Backstitching for "Sugar," use 3755.
Backstitching for "Eggnog," use 300.
Backstitching around cup, use 932.
French knots, use one strand of 301, wrapped twice.
Finishing instructions:
Cut 1/2" all around design. Cut a separate piece of cream-colored material the same size. Place right sides together and sew a 1/4" seam around ornament, leaving the bottom open. Flip inside out and fill with polyester stuffing. Blind-stitch cording around ornament.

For cording, use 5 un-separated strands each of 975 and 745, about 2 1/2' long.
Hint: Tie all colors together with a knot and tape knot to wall or door. Then twist all yellows together and all browns together. Tape twisted cords ends down so they don't unravel. Then spray with a little water. Let dry. After drying, twist yellow and brown strands together. Tape down again and spray with water and let dry. (Getting the floss wet and letting it dry twisted helps it hold its shape for easy stitching.)

DMC Floss
